“We chose New Zealand after considering a combination of value and quality of work, equal to the world’s best.”

Providing solutions and refit strategies

Yards and berths within close proximity to the city centres. In Auckland alone there are over 100 companies offering marine services located within the Westhaven marine precinct.

Dedicated craftsmen incorporating the same passion for excellence with results rivalling New Zealand’s award winning new builds.

Ship yard facilities equipped to handle a diverse range of refit and superyacht requirements.

The New Zealand Refit Group comprises a range of members from the Marine Industry Association with regional clusters covering Northern, Auckland, Central and Southern locations. Attention to detail backed by hands-on management, a skilled work force, and an industry approved code of practise equates to providing world-class refits.

With New Zealand rated as one of the Worlds leading tourism destinations enjoy the added value of fantastic cruising from the Northern Bay of Islands, Auckland’s Hauraki Gulf, to the spectacular Southern Marlborough Sounds and Fiordland.

Meeting Owner and Captain expectations
